

CONFIRMATION OF MAJOR RESTORATION AND SEDATION APPOINTMENTS

It is required that we have definitive confirmation 24 hours prior to your child's dental appointment. The Smile Stars Team will attempt to call until confirmation is achieved within 24-48 hours of the appointment.

If we are not able to speak directly to the parent or guardian responsible for the child's appointment, it will be their responsibility and accountability to call us within this time period to confirm. **If confirmation is not achieved, your appointment may be cancelled without notice.**

We realize that unexpected things can and do happen, but would appreciate the earliest notification possible. This allows us to inform other patients in need of our care of the opening.

Thank you for your understanding and cooperation. If you have any questions, please do not hesitate to ask or call.
